SciSense - Enriched Prospects Database

50 Qualified Prospects | Deep Company Research | Personalized Outreach
Generated: November 25, 2025

Executive Summary

This document contains 50 qualified prospects for SciSense, enriched with:
- Deep company research (websites, team pages, news, blogs)
- Current strategic priorities and challenges
- Personalized message templates based on specific pain points
- Priority scoring and recommended outreach sequence
- **NEW: Commercial strategy per prospect (packages, pricing, decision makers, validation)**

SciSense Service Packages & Pricing

Package Overview

Package	Description	Pricing Model	Price Range	Typical Duration
A. Literature Review & Analysis	Systematic review, meta-analysis, competitive intelligence	Fixed fee	€3,000 - €12,000	2-6 weeks
B. Scientific Document Creation	White papers, medical summaries, infographics	Per deliverable	€1,500 - €5,000/doc	1-3 weeks
C. Publication Support	Manuscript drafting, abstract writing, poster creation	Per publication	€4,000 - €15,000	4-12 weeks
D. Medical Strategy Consulting	Positioning, evidence gaps, launch planning	Daily rate	€800 - €1,200/day	5-20 days
E. Team Reinforcement (Part-time)	Ongoing support, project overflow	Monthly retainer	€4,000 - €8,000/ month	3-12 months
F. Team Reinforcement (Full-time)	Embedded consultant, interim role	Monthly retainer	€10,000 - €15,000/ month	3-6 months
G. Training & Workshops	Scientific communication training, team upskilling	Per session	€2,000 - €4,000/day	1-3 days

Package Details

A. Literature Review & Analysis

- **A1 - Rapid Review**: Focused question, 20-50 sources (€3,000-5,000)
- **A2 - Systematic Review**: Comprehensive methodology, 100+ sources (€8,000-12,000)
- **A3 - Competitive Intelligence**: Landscape analysis, positioning (€5,000-8,000)

B. Scientific Document Creation

- **B1 - Executive Summary**: 2-4 pages, key data synthesis (€1,500-2,500)
- **B2 - White Paper**: 10-20 pages, in-depth analysis (€3,500-5,000)
- **B3 - Infographic**: Visual data representation (€1,000-2,000)
- **B4 - Slide Deck**: 20-40 slides, presentation-ready (€2,000-3,500)

C. Publication Support

- **C1 - Abstract/Poster**: Congress submission (€2,000-4,000)
- **C2 - Manuscript Draft**: First draft + revisions (€8,000-15,000)
- **C3 - Publication Planning**: Strategy + timeline (€4,000-6,000)

D. Medical Strategy Consulting

- **D1 - Evidence Gap Analysis**: 5-10 days (€4,000-12,000)
- **D2 - Launch Readiness Assessment**: 10-15 days (€8,000-18,000)
- **D3 - Medical Affairs Strategy**: 15-20 days (€12,000-24,000)

E & F. Team Reinforcement

- **E1 - 2 days/week**: €4,000-5,000/month
- **E2 - 3 days/week**: €6,000-8,000/month
- **F1 - Full-time (4-5 days/week)**: €10,000-15,000/month

Budget Estimation by Company Size

Company Type	Typical Annual Budget	Entry Package	Growth Path
Large Pharma (>10,000 emp)	€50,000 - €200,000+	D (Strategy)	→ E/F (Retainer)
Mid-size Pharma (1,000-10,000)	€25,000 - €100,000	A or B (Project)	→ D + E
Specialty Pharma (200-1,000)	€15,000 - €50,000	B (Documents)	→ A + C
Biotech (<200 emp)	€10,000 - €30,000	A1 (Rapid Review)	→ B + C

Decision-Making Matrix by Role

Role Level	Budget Authority	Typical Decision	Validation Process
VP/Head Medical Affairs	€50,000+	Strategic partnerships, retainers	Board/ExCom approval for >€50k
Director Medical Affairs	€20,000-50,000	Project packages, consulting	VP approval
Medical Product Lead	€10,000-25,000	Specific deliverables	Director approval
MSL Lead/ Manager	€5,000-15,000	Training, content	Director approval
Project Manager	€5,000-10,000	Individual projects	Manager approval
Medical Writer	Recommender only	Vendor selection input	Manager decides

Typical Validation Process

```
1. INITIAL CONTACT (Week 1-2)
   └── Discovery call with prospect
   └── Needs assessment
   └── Proposal preparation

2. PROPOSAL REVIEW (Week 2-4)
   └── Prospect reviews internally
   └── Shares with decision maker if not DM
   └── Budget allocation check

3. VALIDATION (Week 3-6)
   └── Small companies: Manager/Director approval
   └── Mid-size: Procurement involvement if >€10k
   └── Large pharma: Vendor qualification + procurement if >€25k

4. CONTRACTING (Week 4-8)
   └── MSA negotiation (large pharma: 4-8 weeks)
   └── SOW finalization
   └── PO issuance

5. PROJECT START (Week 6-12)
   └── Kickoff meeting
   └── Deliverable schedule
```

TIER 1: VP/HEAD LEVEL DECISION MAKERS (10 Prospects)

1. Judit Perez Gomez

Field	Details
Position	VP Medical Affairs
Company	Valneva
LinkedIn	Profile
Priority	★★★★★

Company Context: (Source: Valneva Press Releases)
- IXCHIQ (Chikungunya vaccine) facing FDA suspension crisis (August 2025) - elderly safety concerns (FDA Update)
- VLA15 (Lyme vaccine) with Pfizer entering Phase 3 - potential blockbuster (Phase 2 Results)
- 700+ employees, 6 countries, €127M revenue 9M 2025 (Q3 2025 Results)

Pain Points Identified:
- Rebuilding HCP confidence post-FDA suspension
- Scaling Medical Affairs for VLA15 launch with Pfizer
- Safety communication and pharmacovigilance for IXCHIQ elderly population

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	D3 (Medical Affairs Strategy) + B2 (White Papers) + E1 (Part-time retainer)
Entry Offer	A3 - Competitive Intelligence on travel vaccines (€6,000-8,000)
Upsell Path	→ D2 Launch Readiness for VLA15 (€12,000) → E2 Retainer (€6,000/month)
Estimated Annual Value	€40,000 - €80,000
Budget Authority	Full (VP level) - Can approve up to €100k
Decision Maker	Judit Perez Gomez (direct)
Influencers	CEO Thomas Lingelbach, Pfizer Medical Affairs counterpart
Validation Process	VP approval for <€50k, Board for larger commitments
Sales Cycle	4-6 weeks (mid-size specialty pharma)
Procurement	Light process, may need vendor registration
Best Timing	NOW - Crisis mode creates urgency for external support

Personalized Message:

```
Bonjour Judit,

Je suis les actualités de Valneva avec attention - la gestion de la communication autour d'IXCH

Dans ce contexte, je me demandais si un renfort externe en communication scientifique pourrait
• Synthétiser les données de sécurité de façon claire et adaptée aux différentes audiences (rég
• Préparer les supports médicaux pour le lancement de VLA15
• Analyser la littérature concurrentielle sur les vaccins voyage

SciSense accompagne les équipes Medical Affairs avec une expertise PhD en virologie et 5+ ans d

Cordialement,
Aurore Inchauspé
```

2. Aurore SERRAL, PhD

Field	Details
Position	Global Head of Medical Affairs
Company	OM Pharma
LinkedIn	Profile
Location	Geneva, Switzerland
Priority	★★★★★

Company Context: (Source: OM Pharma)
- OM Pharma transforming from legacy European pharma to global immunotherapy innovator (CEO Interview)
- Broncho-Vaxom (OM-85) approved in 65+ countries - seeking US market entry (Product Info)
- AstraZeneca partnership for China market (Nov 2020) (Partnership Announcement)
- New CEO Roch Ogier (Jan 2024) reinvesting all profits into R&D (Leadership)
- Cancer immunotherapy expansion via Duhn Therapeutics deal (Oct 2024) (Press Release)

Pain Points Identified:
- Building evidence base for FDA submission (US market = 40% global pharma)
- Supporting AstraZeneca China partnership
- Translating 30 years of European evidence into contemporary regulatory dossiers

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A2 (Systematic Review) + C2 (Manuscript) + D1 (Evidence Gap Analysis)
Entry Offer	A2 - Systematic review of OM-85 clinical evidence for FDA (€10,000-12,000)
Upsell Path	→ C3 Publication Planning (€5,000) → E1 Retainer (€5,000/month)
Estimated Annual Value	€50,000 - €100,000
Budget Authority	Full (Global Head) - Can approve up to €100k+
Decision Maker	Aurore SERRAL (direct), CEO Roch Ogier for strategic
Influencers	CSO Anna Thomas, AstraZeneca China counterparts
Validation Process	Head approval for projects, ExCom for retainers
Sales Cycle	4-8 weeks (transformation phase = faster decisions)
Procurement	Swiss company, standard process
Best Timing	HIGH PRIORITY - US market entry is strategic imperative

Personalized Message:

```
Bonjour Aurore,

La transformation d'OM Pharma sous l'impulsion de Roch Ogier est passionnante - l'ambition d'en

Avec 30 ans de données cliniques européennes à synthétiser pour les standards FDA, et le parten
• Synthèse et méta-analyse des études existantes pour le dossier FDA
• Communication scientifique adaptée aux standards américains
• Support aux publications dans des revues à fort impact

Mon expertise PhD en immunologie et mon expérience en affaires médicales pharma pourraient comp

Un échange de 20 minutes vous conviendrait-il ?

Aurore Inchauspé
SciSense - Making Science Make Sense
```

3. Eric Plennevaux

Field	Details
Position	Head Medical Affairs France & Benelux
Company	Valneva
LinkedIn	Profile
Priority	★★★★★

Company Context:
- Regional leader for Valneva's core European markets
- Managing IXCHIQ safety narrative post-EMA review
- Preparing VLA15 (Lyme) pre-launch activities with Pfizer

Pain Points Identified:
- Regional medical inquiries during IXCHIQ safety review
- Resource allocation between travel vaccines and new launches
- Coordination with Pfizer Medical Affairs for VLA15

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	B1 (Executive Summaries) + B3 (Infographics) + A1 (Rapid Review)
Entry Offer	B1 - Safety data summary for French HCPs (€2,000-2,500)
Upsell Path	→ A1 Lyme disease landscape France/Benelux (€4,000) → E1 Retainer
Estimated Annual Value	€20,000 - €40,000
Budget Authority	⚠ Regional (€20-30k), needs VP for larger
Decision Maker	Eric Plennevaux for regional, Judit Perez Gomez for strategic
Influencers	Country medical leads, Pfizer regional counterparts
Validation Process	Regional Head approval, VP for >€25k
Sales Cycle	3-5 weeks (regional decision faster than global)
Procurement	Via Valneva central or regional budget
Best Timing	NOW - Regional execution of crisis response

Personalized Message:

```
Bonjour Eric,

En tant que Head Medical Affairs France & Benelux chez Valneva, vous êtes au coeur de la gestio

Parallèlement, la préparation du lancement de VLA15 (Lyme) avec Pfizer doit mobiliser des resso
• La création de supports de communication adaptés au contexte français et Benelux
• L'analyse de la littérature sur les maladies à tiques en Europe
• Le support aux interactions avec les KOLs régionaux

Seriez-vous disponible pour un café virtuel de 15 minutes ?

Cordialement,
Aurore Inchauspé
```

4. Fabienne Heskia, PMP

Field	Details
Position	Head of Global Medical Operations
Company	Laboratoires Théa
LinkedIn	Profile
Background	20+ years Clinical Research & Medical Affairs, ex-bioMérieux
Priority	★★★★★

Company Context: (Source: Laboratoires Théa)
- Théa: 100% ophthalmology focus, 2,000 employees, 75+ countries (About Théa)
- HYPERION Phase 3 trial launched (Oct 2025) - sepofarsen for LCA10 (inherited retinal disease) (Sepul Bio Announcement)
- 30 years of ABAK preservative-free technology (ABAK Technology)
- Multiple 2025 partnerships: LENZ Therapeutics, Novaliq, Pierre Fabre (Théa News)

Pain Points Identified:
- Leading global medical operations for rare disease Phase 3 trial
- Managing medical affairs for multiple new partnerships
- Scaling from established ophthalmology to cutting-edge gene therapy

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A1 (Rapid Review RNA therapy) + B2 (White Paper) + D2 (Launch Readiness)
Entry Offer	A1 - Literature review on RNA therapies in inherited retinal diseases (€4,000-5,000)
Upsell Path	→ B2 Scientific platform for LCA10 (€4,000) → E1 Retainer for partnerships
Estimated Annual Value	€35,000 - €70,000
Budget Authority	Full (Global Head) - Can approve up to €50k+
Decision Maker	Fabienne Heskia (direct), President Jean-Frédéric Chibret for strategic
Influencers	Sepul Bio team, R&D leadership
Validation Process	Head approval for <€30k, Executive for larger
Sales Cycle	4-6 weeks (family-owned = faster decisions)
Procurement	Standard French company process
Best Timing	NOW - HYPERION Phase 3 just started, evidence needs emerging

Personalized Message:

```
Bonjour Fabienne,

Le lancement de l'essai HYPERION Phase 3 pour le sepofarsen dans la LCA10 marque une étape maje

Avec votre expérience en recherche clinique (ex-bioMérieux) et les multiples partenariats signe
• Préparer la communication scientifique pour les maladies rétiniennes rares
• Synthétiser la littérature sur les thérapies RNA en ophtalmologie
• Supporter les équipes médicales sur les nouveaux partenariats (LENZ, Novaliq)

Un échange sur vos priorités Medical Operations serait-il possible ?

Aurore Inchauspé
SciSense
```

5. Laura SALAUN

Field	Details
Position	Head of Medical Affairs France
Company	Dr. Schär
LinkedIn	Profile
Priority	★★★★☆

Company Context:
- Dr. Schär: 100+ years history, leader in medical nutrition
- Three brands: Schär (gluten-free), Flavis (renal), Kanso (specialty)
- Dr. Schär Institute: international knowledge platform
- Growing nephrology ambition: “leading food company in CKD dietary management”

Pain Points Identified:
- Bridging food/nutrition and medical affairs (unique positioning)
- Building nephrology credibility alongside established gastroenterology
- Managing multi-brand medical strategy (celiac + CKD + specialty)

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A1 (Rapid Review nutrition) + B1 (Executive Summaries) + G (Training)
Entry Offer	A1 - Rapid review on low-protein diet in CKD management (€3,500-4,500)
Upsell Path	→ B1 Educational summaries for nephrologists (€2,000) → G Training for sales team
Estimated Annual Value	€15,000 - €30,000
Budget Authority	Head level France - Can approve €20-30k
Decision Maker	Laura SALAUN (direct), Global Medical Director for larger
Influencers	Dr. Schär Institute directors, nephrology KOLs
Validation Process	Head approval for <€20k, Global for larger
Sales Cycle	3-4 weeks (mid-size company, simpler process)
Procurement	Light process, Italian headquarters may be involved
Best Timing	Good - Nephrology expansion is strategic priority

Personalized Message:

```
Bonjour Laura,

Le positionnement de Dr. Schär à l'intersection de la nutrition et des affaires médicales est u

En tant que Head of Medical Affairs France, vous devez jongler entre plusieurs aires thérapeuti
• La synthèse des preuves cliniques sur la nutrition rénale et sans gluten
• La création de contenus éducatifs pour les néphrologues et gastro-entérologues
• Le support au Dr. Schär Institute pour le marché français

Seriez-vous disponible pour un échange sur vos priorités 2025 ?

Cordialement,
Aurore Inchauspé
```

6. Juliette DOUREL-DESRAMAUT

Field	Details
Position	Medical & Marketing Director
Company	Laboratoire Aguettant
LinkedIn	Profile
Tenure	17+ years
Priority	★★★★☆

Company Context:
- Aguettant: Founded 1903, Lyon-based, injectable pharmaceuticals for hospitals
- Pre-filled syringes: 17x less medication errors vs manual preparation
- Aguettant Academy launched Oct 2024 - European educational platform
- €40M manufacturing expansion announced

Pain Points Identified:
- Dual medical-marketing role requires balancing scientific rigor and commercial goals
- Educational leadership (PFS DAY, Aguettant Academy)
- European expansion requiring medical affairs support

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	B2 (White Papers medication safety) + A1 (Literature review) + G (Training)
Entry Offer	B2 - White paper on PFS medication error reduction data (€4,000-5,000)
Upsell Path	→ A1 European market evidence review (€4,000) → G Academy content development
Estimated Annual Value	€25,000 - €45,000
Budget Authority	Director level - Can approve €30-50k
Decision Maker	Juliette DOUREL-DESRAMAUT (direct), CEO for strategic
Influencers	Thomas de Saint Etienne (Responsable Médical France), Academy team
Validation Process	Director approval, family-owned = faster decisions
Sales Cycle	3-5 weeks (Lyon-based, easy to meet)
Procurement	Light process, long tenure = established relationships valued
Best Timing	HIGH - €40M expansion + Academy launch = content needs

Personalized Message:

```
Bonjour Juliette,

Votre double casquette Medical & Marketing Director chez Aguettant, combinée à 17 ans d'expert

Le lancement de l'Aguettant Academy et l'organisation du PFS DAY montrent votre engagement pour
• La création de contenus scientifiques pour l'Academy (sécurité des seringues pré-remplies, do
• L'analyse des études sur la réduction des erreurs médicamenteuses
• Le support aux projets d'expansion européenne

Seriez-vous disponible pour discuter de vos besoins en communication scientifique ?

Aurore Inchauspé
SciSense - Making Science Make Sense
```

7. Frédéric Ducher

Field	Details
Position	Directeur Affaires Pharmaceutiques
Company	Boiron
LinkedIn	Profile
Priority	★★★★☆

Company Context: (Source: Le Journal des Entreprises)
- Boiron facing major transformation: €100M+ revenue lost since 2019 delisting (Delisting Impact)
- 145 positions eliminated in 2025 restructuring plan (Layoffs News)
- Cannabis médical project with Emmac Life Sciences - ANSM supplier (Cannabis Project)
- Export focus: India expansion (homeopathy = 10% primary care) (Strategy)

Pain Points Identified:
- Navigating post-delisting regulatory landscape
- Managing public affairs during €100M revenue crisis
- Building government relations for cannabis medical continuity

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	D1 (Evidence Gap Analysis) + B2 (Cannabis dossiers) + A1 (Regulatory review)
Entry Offer	A1 - Cannabis médical regulatory landscape review (€4,000-5,000)
Upsell Path	→ D1 Evidence strategy for ANSM (€8,000) → B2 Clinical dossiers
Estimated Annual Value	€25,000 - €50,000
Budget Authority	Director level - Can approve €30-50k
Decision Maker	Frédéric Ducher (direct), Isabelle Chanel (R&D Director) for scientific
Influencers	Cannabis médical project team, General Management
Validation Process	Director approval, tight budget scrutiny post-restructuring
Sales Cycle	3-5 weeks (urgency around cannabis project)
Procurement	⚠ Cost-conscious due to layoffs - emphasize ROI
Best Timing	HIGH - Cannabis project is survival strategy, needs external expertise

Personalized Message:

```
Bonjour Frédéric,

La transformation de Boiron est un défi majeur - entre la restructuration post-déremboursement

En tant que Directeur Affaires Pharmaceutiques, vous êtes au coeur de cette évolution. SciSense
• La communication scientifique pour le projet cannabis médical (dossiers ANSM)
• L'analyse réglementaire pour les marchés export (Inde notamment)
• La stratégie de positionnement scientifique pour la médecine intégrative

Un échange sur vos priorités 2025-2026 vous intéresserait-il ?

Aurore Inchauspé
```

8. Anne-Laure LECLERE

Field	Details
Position	Global Medical Affairs Lead
Company	OM Pharma
LinkedIn	Profile
Location	Lyon, France
Priority	★★★★☆

Company Context:
- Supporting OM Pharma's US market entry strategy
- Scientific communication for bacterial lysate immunotherapy
- 30 years of Broncho-Vaxom clinical evidence to translate

Pain Points Identified:
- Medical communications for novel immunotherapy mechanism
- Congress and publication planning across 100+ markets
- European market medical affairs execution

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	B2 (White Paper immunology) + C1 (Congress abstracts) + A1 (Literature review)
Entry Offer	B2 - Scientific platform for OM-85 mechanism of action (€4,000-5,000)
Upsell Path	→ C1 Congress abstract support (€2,500) → E1 Retainer for FDA prep
Estimated Annual Value	€25,000 - €50,000
Budget Authority	⚠ Lead level (€15-25k), needs Head for larger
Decision Maker	Anne-Laure LECLERE for projects, Aurore SERRAL for strategic
Influencers	Medical Communications team, AstraZeneca China counterparts
Validation Process	Lead approval for <€20k, Head for larger
Sales Cycle	4-6 weeks (Swiss company, international scope)
Procurement	Standard process, align with Aurore SERRAL strategy
Best Timing	HIGH - US market entry = immediate content needs

Personalized Message:

```
Bonjour Anne-Laure,

En tant que Global Medical Affairs Lead chez OM Pharma, vous jouez un rôle clé dans la communic

Avec l'ambition d'entrer sur le marché américain et le partenariat AstraZeneca en Chine, je me
• Création de contenus scientifiques multilingues
• Stratégie de publication et congrès
• Traduction des données européennes pour les standards FDA

Seriez-vous disponible pour un échange ?

Aurore Inchauspé
SciSense
```

9. Loïc Poizat

Field	Details
Position	MSL Lead
Company	Alnylam Pharmaceuticals
LinkedIn	Profile
Priority	★★★★☆

Company Context: (Source: Alnylam Corporate)
- Alnylam: World leader in RNAi therapeutics, 6 approved products (Pipeline)
- Qfitlia (fitusiran) just approved March 2025 for hemophilia A/B (FDA Approval)
- AMVUTTRA ATTR-CM indication pending (PDUFA March 23, 2025) (HELIOS-B Results)
- HELIOS-B study: 35.5% mortality reduction published in NEJM (Publication)

Pain Points Identified:
- Managing MSL teams during major expansion (25+ pipeline programs by 2025)
- Two critical launches: Qfitlia (hemophilia) and AMVUTTRA (cardio expansion)
- Educating on RNAi mechanism across multiple therapeutic areas

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	G (MSL Training) + B3 (Infographics RNAi) + A1 (Competitive review)
Entry Offer	G - RNAi mechanism training workshop for MSL team (€2,500-3,500/day)
Upsell Path	→ B3 Visual aids for KOL discussions (€1,500/set) → A1 Competitive landscape
Estimated Annual Value	€20,000 - €40,000
Budget Authority	⚠ MSL Lead level (€10-20k), needs Director for larger
Decision Maker	Loïc Poizat for MSL training, Medical Director for strategy
Influencers	Individual MSLs, Medical Affairs leadership
Validation Process	Lead approval for training, Director for ongoing work
Sales Cycle	3-5 weeks (biotech = faster than big pharma)
Procurement	Lighter process at Alnylam, focus on quality
Best Timing	HIGH - Two major launches = urgent training needs

Personalized Message:

```
Bonjour Loïc,

Félicitations pour l'approbation de Qfitlia en mars 2025 - le premier traitement RNAi pour l'he

En tant que MSL Lead, vous devez former et équiper vos équipes sur des mécanismes d'action inno
• Des synthèses scientifiques sur le RNAi pour la formation MSL
• Des supports visuels expliquant le mécanisme aux cardiologues et hématologues
• Une veille scientifique sur la littérature compétitive

Seriez-vous disponible pour un échange sur vos besoins ?

Aurore Inchauspé
```

10. Isabelle Chanel

Field	Details
Position	R&D Medical and Scientific Affairs Director
Company	Boiron
LinkedIn	Profile
Team	80 people (technicians, engineers, pharmacists, doctors)
Priority	★★★★☆

Company Context:
- Executive Committee member, 20+ years at Boiron
- Manages 4 divisions: fundamental research, clinical studies, galenic development, scientific communication
- Member of US Homeopathic Pharmacopeia since 2017

Pain Points Identified:
- Leading R&D during organizational downsizing (145 positions cut)
- Evidence quality challenges (RAND study found 66% of homeopathy trials with high/unclear bias)
- Cannabis médical project requiring regulatory-grade evidence

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	D1 (Evidence Gap Analysis) + A2 (Systematic Review cannabis) + C2 (Manuscript)
Entry Offer	A1 - Literature review on cannabis médical indications (€4,000-5,000)
Upsell Path	→ D1 Evidence strategy for ANSM (€10,000) → C2 Publication support
Estimated Annual Value	€40,000 - €80,000
Budget Authority	ExCom level - Can approve €50-100k
Decision Maker	Isabelle Chanel (direct), General Management for strategic
Influencers	Frédéric Ducher (Pharma Affairs), Lauriane Girieud (Cannabis project)
Validation Process	Director approval, ExCom for >€50k
Sales Cycle	4-6 weeks (budget scrutiny post-restructuring)
Procurement	⚠ Cost-conscious environment - emphasize ROI
Best Timing	URGENT - Cannabis project needs external scientific expertise now

Personalized Message:

```
Bonjour Isabelle,

En tant que Directrice R&D des Affaires Scientifiques et Médicales au sein du Comité Exécutif d

Le projet cannabis médical avec Emmac Life Sciences nécessite une approche evidence-based rigou
• La revue systématique de la littérature sur les indications du cannabis thérapeutique
• L'analyse des gaps d'évidence pour la stratégie clinique
• Le support aux publications scientifiques

TIER 2: GLOBAL MEDICAL PRODUCT LEADS (12 Prospects)

11. Christophe GREGOIRE ★ HAS EMAIL

Field	Details
Position	Global Medical Product Lead - COVID-19 Protein Vaccine
Company	Sanofi
LinkedIn	Profile
Email	christophe.gregoire@sanofi.com
Priority	★★★★★

Company Context: (Source: Sanofi Media Room)
- Managing Nuvaxovid (protein-based COVID vaccine) - Novavax partnership (Partnership)
- May 2025 FDA BLA approval triggered $175M milestone (FDA Approval)
- Flu-COVID combination vaccines received Fast Track (Dec 2024) (Fast Track)
- Differentiating protein-based vs. mRNA vaccines (HCP Resources)

Pain Points Identified:
- Building medical strategy for protein-based vaccine positioning
- Preparing combination vaccine development
- Safety monitoring for 2024/2025 formulas

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A3 (Competitive Intelligence) + B2 (White Paper) + B4 (Slide Deck)
Entry Offer	A3 - COVID vaccine competitive landscape (protein vs mRNA) (€6,000-8,000)
Upsell Path	→ B2 Differentiation platform (€4,000) → C1 Congress materials
Estimated Annual Value	€30,000 - €60,000
Budget Authority	⚠ Product Lead level (€15-25k), needs Director for larger
Decision Maker	Christophe GREGOIRE for product, North America Medical Director for region
Influencers	Thomas Triomphe (EVP Vaccines), Global Medical team
Validation Process	Large pharma = procurement involvement >€15k, vendor qualification
Sales Cycle	6-10 weeks (Sanofi procurement process)
Procurement	⚠ Heavy - Need to be approved vendor, MSA required
Best Timing	Good - Nuvaxovid launch creates immediate content needs

Personalized Message:

```
Bonjour Christophe,

La commercialisation de Nuvaxovid et l'approbation FDA de mai 2025 marquent une étape clé pour

Avec les vaccins combinés grippe-COVID en Fast Track, je me demandais si un support externe pou

aurore.inchauspe@scisense.fr
```

12. Marie-Cécile LEVANT

Field	Details
Position	Global Medical Product Lead, Influenza
Company	Sanofi
LinkedIn	Profile
Priority	★★★★★

Company Context: (Source: Sanofi Vaccines)
- World's leading flu vaccine portfolio (Flu Portfolio)
- **October 2025 Lancet publication**: FLUNITY-HD study - first vaccine to show superior hospitalization protection (Press Release)
- 15 years of clinical evidence across 45 million patients (Clinical Evidence)
- Preparing combination flu-COVID vaccines (Fast Track Dec 2024) (Fast Track)

Pain Points Identified:
- Leveraging landmark Lancet data for market access
- Head-to-head comparison strategies between Sanofi's own high-antigen products
- Medical affairs strategy for combination vaccine launch

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	B1 (Executive Summaries Lancet) + B4 (Slide Decks) + A3 (Competitive Intel)
Entry Offer	B1 - Executive summary of FLUNITY-HD for market access (€2,500-3,000)
Upsell Path	→ B4 KOL presentation deck (€3,000) → A3 Flu vaccine landscape analysis
Estimated Annual Value	€30,000 - €60,000
Budget Authority	⚠ Product Lead level (€15-25k), needs Director for larger
Decision Maker	Marie-Cécile LEVANT for product, Vaccines Medical Director for strategy
Influencers	Market access teams, Regional medical leads
Validation Process	Large pharma = procurement >€15k, vendor qualification
Sales Cycle	6-10 weeks (Sanofi procurement)
Procurement	⚠ Heavy - Approved vendor + MSA required
Best Timing	NOW - Lancet publication momentum needs immediate support

Personalized Message:

```
Bonjour Marie-Cécile,

La publication FLUNITY-HD dans le Lancet (octobre 2025) est une avancée majeure - la première c

Avec les vaccins combinés grippe-COVID en Fast Track, je me demandais si un renfort externe pou
• Maximiser l'impact de la publication Lancet (synthèses pour KOLs, market access)
• Préparer la communication scientifique pour les vaccins combinés
• Analyser les données comparatives entre vos propres produits haute dose

13. Fernando Morelli

Field	Details
Position	Global Medical Product Lead - Travel and Endemic Vaccines
Company	Sanofi
LinkedIn	Profile
Priority	★★★★☆

Company Context:
- 70-year yellow fever vaccine legacy (half billion doses globally)
- GAVI partnership: 72-hour emergency stockpile delivery commitment
- YF-VAX US market return (April 2021)
- Operating in 47 endemic countries (Africa, Central/South America)

Pain Points Identified:
- Travel medicine HCP education and engagement
- Emerging market access in endemic regions
- Supply chain resilience and emergency response

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	B3 (Infographics travel vaccines) + G (HCP Training) + A1 (Endemic country review)
Entry Offer	B3 - Infographic series on travel vaccination schedules (€1,500-2,000/set)
Upsell Path	→ G Travel medicine training for HCPs (€3,000/day) → A1 Endemic region analysis
Estimated Annual Value	€20,000 - €40,000
Budget Authority	⚠ Product Lead level (€15-25k), needs Director for larger
Decision Maker	Fernando Morelli for product, Vaccines Medical Director for strategy
Influencers	GAVI partnership team, Regional endemic market leads
Validation Process	Sanofi procurement process for >€15k
Sales Cycle	6-10 weeks (Sanofi standard)
Procurement	Approved vendor required
Best Timing	Good - Travel recovery post-COVID creates education needs

14. Christophe LADREYT

Field	Details
Position	Global Medical Transformation and Strategic Projects Lead, Vaccines
Company	Sanofi
LinkedIn	Profile
Priority	★★★★☆

Company Context:
- Leading digital transformation aligned with Sanofi's "AI-first" strategy
- 20,000 Sanofians using 'plai' AI app daily
- CodonBERT for mRNA design - 50% time reduction
- Digital Accelerator: 6-month processes reduced to 1 month

Pain Points Identified:
- AI applications in medical information and inquiry response
- Digital tools for MSL effectiveness
- Change management for AI adoption in medical affairs

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	D (Strategy Consulting AI in MA) + G (Training digital tools) + B2 (White Papers)
Entry Offer	D1 - Assessment of AI applications in medical affairs (€8,000-10,000)
Upsell Path	→ G Digital transformation training (€3,500/day) → B2 Best practices documentation
Estimated Annual Value	€25,000 - €50,000
Budget Authority	⚠ Lead level (€15-25k), needs Director for strategic
Decision Maker	Christophe LADREYT for digital projects, Medical Transformation VP for strategy
Influencers	Digital Accelerator team, IT leadership
Validation Process	Sanofi standard procurement
Sales Cycle	6-10 weeks
Procurement	Approved vendor required
Best Timing	Moderate - Digital transformation is ongoing, not urgent

15. Isabel Grégoire

Field	Details
Position	Global Scientific & Medical Publications Manager, Vaccines
Company	Sanofi
LinkedIn	Profile
Priority	★★★★★

Company Context:
- High-profile 2025 publication year: Lancet FLUNITY-HD study
- 40+ real-world studies for RSV (Beyfortus) alone
- Managing publications across flu, COVID, RSV, travel vaccines

Pain Points Identified:
- Publication strategy for Fast Track combination vaccines
- Medical writing resource allocation across expanding portfolio
- Congress strategy for 2025-2026

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	C1 (Congress abstracts) + C2 (Manuscripts) + E1 (Part-time retainer)
Entry Offer	C1 - Abstract + poster for upcoming congress (€2,500-3,500)
Upsell Path	→ C2 Manuscript support (€10,000) → E1 Ongoing writing retainer (€5,000/month)
Estimated Annual Value	€40,000 - €80,000
Budget Authority	⚠ Manager level (€10-20k), needs Director for retainer
Decision Maker	Isabel Grégoire for projects, Medical Communications Director for retainer
Influencers	Product Leads (Marie-Cécile, Christophe, Fernando), Medical Writers
Validation Process	Manager approval for projects, Director for ongoing work
Sales Cycle	6-10 weeks (Sanofi standard)
Procurement	Approved vendor required for >€15k
Best Timing	HIGH - Publication surge creates capacity constraints

Personalized Message:

```

```

16. Thomas de Saint Etienne

Field	Details
Position	Responsable Médical France
Company	Laboratoire Aguettant
LinkedIn	Profile
Background	Medical degree, Master 2 Management Pharma Industries
Priority	★★★★☆

Company Context:
- Medical affairs leadership for France (largest Aguettant market)
- Injectable medicines focus: anesthesia, critical care, neurology
- Previous ophthalmology experience

Pain Points Identified:
- French market medical strategy and KOL engagement
- Clinical evidence generation for injectable products
- Regulatory and medical affairs alignment

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A1 (Literature review) + B1 (Executive summaries) + G (KOL training)
Entry Offer	A1 - Rapid review on injectable safety in critical care (€3,500-4,500)
Upsell Path	→ B1 Evidence summaries for KOLs (€2,000) → G Anesthesia training support
Estimated Annual Value	€15,000 - €30,000
Budget Authority	⚠ Responsable level (€10-20k), needs Director for larger
Decision Maker	Thomas de Saint Etienne for France, Juliette DOUREL-DESRAMAUT for strategic
Influencers	Anesthesiology and critical care KOLs
Validation Process	Responsable approval, Director for >€15k
Sales Cycle	3-5 weeks (Lyon-based, easy coordination)
Procurement	Light process
Best Timing	Good - Coordinate with Academy content strategy

17. Guenaelle AUGIER

Field	Details
Position	Business Insight Director - Travel vaccines
Company	Valneva
LinkedIn	Profile
Priority	★★★☆☆

Company Context:
- Market intelligence for IXIARO, DUKORAL, IXCHIQ
- Travel patterns recovery post-COVID
- Competitive landscape analysis

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A3 (Competitive Intelligence) + B3 (Infographics)
Entry Offer	A3 - Travel vaccine competitive landscape update (€5,000-6,000)
Upsell Path	→ B3 Visual market insights (€1,500) → A1 Deep dive on specific competitor
Estimated Annual Value	€15,000 - €25,000
Budget Authority	⚠ Director level (€10-20k), needs VP for larger
Decision Maker	Guenaelle AUGIER for insights, Eric Plennevaux for regional
Influencers	Commercial teams, Regional medical leads
Validation Process	Director approval
Sales Cycle	3-5 weeks (specialty pharma)
Procurement	Standard Valneva process
Best Timing	Good - IXCHIQ crisis creates competitive intelligence needs

18. Anne Christophe

Field	Details
Position	Medical Manager Rare Disease (ASMD/Gaucher)
Company	Sanofi
LinkedIn	Profile
Priority	★★★★☆

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A1 (Literature review rare disease) + B2 (White Paper) + C1 (Congress)
Entry Offer	A1 - Rapid review on ASMD treatment landscape (€4,000-5,000)
Upsell Path	→ B2 Disease education materials (€4,000) → C1 Congress abstract support
Estimated Annual Value	€20,000 - €40,000
Budget Authority	⚠ Manager level (€10-20k), needs Director for larger
Decision Maker	Anne Christophe for projects, Rare Disease Director for strategy
Validation Process	Sanofi standard procurement
Sales Cycle	6-10 weeks
Procurement	Approved vendor required
Best Timing	Moderate - Rare disease is stable portfolio

19. Roxane MUDRY

Field	Details
Position	Responsable Médical BPCO
Company	Sanofi
LinkedIn	Profile
Priority	★★★☆☆

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A1 (COPD literature) + B1 (Summaries) + B3 (Infographics)
Entry Offer	A1 - Rapid review on COPD treatment guidelines updates (€3,500-4,500)
Upsell Path	→ B1 KOL summaries (€2,000) → B3 Patient education materials
Estimated Annual Value	€12,000 - €25,000
Budget Authority	⚠ Responsable level (€10-15k), needs Director for larger
Decision Maker	Roxane MUDRY for projects, Respiratory Director for strategy
Validation Process	Sanofi standard
Sales Cycle	6-10 weeks
Best Timing	Moderate

20. Chloé Voisin

Field	Details
Position	Medical Affairs cardio-metabolism
Company	Sanofi
LinkedIn	Profile
Priority	★★★☆☆

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A1 (Cardio-metabolism literature) + B4 (Slide decks)
Entry Offer	A1 - Literature review on cardio-metabolic guidelines (€3,500-4,500)
Upsell Path	→ B4 KOL presentation materials (€2,500)
Estimated Annual Value	€10,000 - €20,000
Budget Authority	⚠ Individual contributor level (€5-10k)
Decision Maker	Cardio-metabolism Medical Director
Validation Process	Sanofi standard
Sales Cycle	6-10 weeks
Best Timing	Moderate

21. Margaux Bernard, PhD ★ HAS EMAIL

Field	Details
Position	Medical advisor women health
Company	Organon
LinkedIn	Profile
Email	margaux_bernard@hotmail.fr
Priority	★★★☆☆

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A1 (Women's health literature) + B1 (Summaries) + B3 (Infographics)
Entry Offer	A1 - Rapid review on women's health therapeutic area (€3,500-4,500)
Upsell Path	→ B1 HCP educational summaries (€2,000) → B3 Patient materials
Estimated Annual Value	€12,000 - €25,000
Budget Authority	⚠ Advisor level (€5-15k), needs Manager for larger
Decision Maker	Women's Health Medical Director
Influencers	Margaux Bernard can recommend vendors
Validation Process	Organon standard (Merck spin-off)
Sales Cycle	4-6 weeks
Procurement	Lighter than big pharma
Best Timing	Good - Organon focused on women's health growth

22. Charly Courteval

Field	Details
Position	Medical Manager - Rare Diseases
Company	Ipsen
LinkedIn	Profile
Priority	★★★★☆

Company Context:
- Ipsen: 5,000+ employees, 88 countries, €687M R&D investment
- Bylvay (odevixibat) - Japan approval Sept 2025 for PFIC
- 13 scientific presentations at AASLD 2025 across 5 rare liver diseases
- BOLD/BOLD-EXT: First global Phase III in biliary atresia

Pain Points Identified:
- Supporting 94% of rare conditions with no treatment

- Medical education for rare cholestatic liver diseases
- Real-world evidence generation for Bylvay

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A1 (Rare liver disease literature) + B2 (White Paper) + C1 (Congress)
Entry Offer	A1 - Literature review on PFIC treatment landscape (€4,000-5,000)
Upsell Path	→ B2 Bylvay scientific platform (€4,500) → C1 AASLD congress support
Estimated Annual Value	€25,000 - €45,000
Budget Authority	⚠ Manager level (€15-25k), needs Director for larger
Decision Maker	Charly Courteval for projects, Rare Disease Director for strategy
Influencers	Hepatology KOLs, Ipsen Medical leadership
Validation Process	Manager approval <€20k, Director for larger
Sales Cycle	4-6 weeks (mid-size pharma = faster than big pharma)
Procurement	Standard process
Best Timing	HIGH - Bylvay Japan launch + AASLD momentum

Personalized Message:

```
Bonjour Charly,

TIER 3: MSLs & SCIENTIFIC ADVISORS (12 Prospects)

23. Aymeric DEPLACE

Field	Details
Position	MSL Transplantation
Company	Sanofi
LinkedIn	Profile
Priority	★★★☆☆

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	B3 (Infographics) + G (Training)
Entry Offer	B3 - Visual aids for transplantation KOL discussions (€1,500-2,000)
Upsell Path	→ G Training materials for MSL team
Estimated Annual Value	€8,000 - €15,000
Budget Authority	⚠ MSL level (€5-10k), needs Manager for larger
Decision Maker	MSL Manager, Transplantation Medical Director
Sales Cycle	6-10 weeks (Sanofi standard)
Best Timing	Moderate

24. Esther Martin de Fourchambault

Field	Details
Position	Medical Science Liaison
Company	bioMérieux
LinkedIn	Profile
Priority	★★★★☆

Company Context:
- bioMérieux: Global diagnostics leader, €2,992M revenue 9M 2025
- VITEK REVEAL: New rapid antimicrobial susceptibility testing
- Leader in combating antimicrobial resistance (AMR)
- Oxford Nanopore partnership for TB (Nov 2025)

Pain Points Identified:
- AMR stewardship narrative with new product launches
- Sepsis diagnostic workflows evidence generation
- Centers of Excellence partnership support

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A1 (AMR literature) + B2 (White Paper diagnostics) + G (Training)
Entry Offer	A1 - Rapid review on AMR diagnostic stewardship (€4,000-5,000)
Upsell Path	→ B2 VITEK REVEAL scientific platform (€4,500) → G MSL training
Estimated Annual Value	€20,000 - €40,000
Budget Authority	⚠ MSL level (€5-15k), needs Manager for larger
Decision Maker	MSL Manager, Medical Affairs Director
Influencers	Centers of Excellence partners, Infectious disease KOLs
Validation Process	bioMérieux standard
Sales Cycle	4-6 weeks
Procurement	Standard process
Best Timing	HIGH - New product launches create evidence needs

25. Hanna Bismuth

Field	Details
Position	Medical Affairs - Medical Education specialist
Company	bioMérieux
LinkedIn	Profile
Priority	★★★★☆

Company Context:
- Managing Medical Education Hub with 8+ therapeutic areas
- Free-access, non-promotional educational resources
- Expert collaboration model for educational content

Pain Points Identified:
- Educational content development for rapid product launches
- Impact measurement across diverse therapeutic areas
- Digital education strategy for global vs regional needs

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	B2 (Educational booklets) + G (Webinar content) + A1 (Literature review)
Entry Offer	B2 - Educational booklet for one therapeutic area (€3,500-4,500)
Upsell Path	→ G Webinar series development (€3,000/webinar) → A1 Supporting literature
Estimated Annual Value	€25,000 - €50,000
Budget Authority	⚠ Specialist level (€10-20k), needs Manager for larger
Decision Maker	Medical Education Manager, Medical Affairs Director
Influencers	Expert collaborators, Regional medical teams
Validation Process	bioMérieux standard
Sales Cycle	4-6 weeks
Procurement	Standard process
Best Timing	HIGH - 8 TAs + new products = high content demand

Personalized Message:

```
Bonjour Hanna,

Le Medical Education Hub de bioMérieux est impressionnant - couvrir 8 aires thérapeutiques (AMR

Avec les lancements récents (VITEK REVEAL, BIOFIRE SPOTFIRE) et le partenariat Oxford Nanopore
• La création de webinaires et cours en ligne
• Les booklets éducatifs en collaboration avec des experts
• La mesure d'impact des programmes éducatifs

27. Romain Besson

Field	Details
Position	MSL néphrologie
Company	Dr. Schär
LinkedIn	Profile
Priority	★★★☆☆

Company Context:
- Unique role: MSL for medical nutrition (not pharma) in nephrology
- Flavis brand for chronic kidney disease
- National Kidney Foundation partnership (US model)

Pain Points Identified:
- Educating nephrologists on value of nutrition MSL vs pharma MSL
- Medical Nutrition Therapy evidence communication
- Building nephrology credibility via Dr. Schär Institute

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A1 (Nutrition therapy literature) + B1 (Summaries) + B3 (Infographics)
Entry Offer	A1 - Review on dietary management in CKD (€3,500-4,500)
Upsell Path	→ B1 Nephrologist education summaries (€2,000) → B3 Patient materials
Estimated Annual Value	€10,000 - €20,000
Budget Authority	⚠ MSL level (€5-10k), needs Head for larger
Decision Maker	Laura SALAUN (Head of Medical Affairs France)
Validation Process	Coordinate with Laura SALAUN
Sales Cycle	3-4 weeks
Best Timing	Good - Nephrology expansion is priority

28. Khalil Taoubi

Field	Details
Position	Scientific Advisor R&D, Scientific and Medical Affairs
Company	Boiron
LinkedIn	Profile
Background	European Registered Toxicologist (ERT)
Priority	★★★★☆

Company Context:
- Toxicology expertise critical for cannabis médical project
- Herbal product and pharmacopoeia expertise
- Supporting evidence generation during credibility challenges

Pain Points Identified:
- Cannabis product safety and toxicology assessments
- Regulatory toxicology dossier support
- Natural product analytical development

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A1 (Toxicology literature cannabis) + B2 (Safety dossiers)
Entry Offer	A1 - Literature review on cannabis safety/toxicology (€4,000-5,000)
Upsell Path	→ B2 Safety summary documents (€4,000) → Support regulatory submissions
Estimated Annual Value	€15,000 - €30,000
Budget Authority	⚠ Advisor level (€10-15k), needs Director for larger
Decision Maker	Isabelle Chanel (R&D Director), Lauriane Girieud (Cannabis project)
Validation Process	Coordinate with cannabis project team
Sales Cycle	4-6 weeks
Procurement	Cost-conscious environment
Best Timing	HIGH - Cannabis project needs toxicology expertise

29. Evelyne Charvolin

Field	Details
Position	Chargée de projets affaires scientifiques et médicales
Company	Boiron
LinkedIn	Profile
Background	IDRAC Business School, marketing + international experience
Priority	★★★★☆

Pain Points Identified:
- Partnership management during organizational contraction
- Scientific communication amid credibility challenges
- Supporting medical/pharmacy network post-delisting

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	B1 (Scientific summaries) + B3 (Infographics) + G (HCP training)
Entry Offer	B1 - Scientific communication materials for pharmacists (€2,000-2,500)
Upsell Path	→ B3 Visual materials (€1,500) → G HCP training support
Estimated Annual Value	€12,000 - €25,000
Budget Authority	⚠ Project manager level (€5-15k), needs Director for larger
Decision Maker	Isabelle Chanel, Frédéric Ducher
Validation Process	Cost-conscious approval
Sales Cycle	3-5 weeks
Procurement	Budget scrutiny
Best Timing	Moderate - Post-restructuring stabilization

30. Lauriane Girieud

Field	Details
Position	Chef de projet affaires scientifiques et médicales - Cannabis médical
Company	Boiron
LinkedIn	Profile
Background	Master 2 Regulatory Affairs, EM Lyon
Priority	★★★★★

Company Context:
- Leading high-stakes cannabis médical project
- ANSM experimentation extended to March 2026
- Transitioning from homeopathy to evidence-based cannabis therapeutics

Pain Points Identified:
- Clinical development strategy for cannabis products
- Regulatory dossier preparation
- Cross-functional training for teams unfamiliar with cannabis

COMMERCIAL OPPORTUNITY:

Aspect	Details
Recommended Packages	A2 (Systematic Review cannabis) + D1 (Evidence strategy) + B2 (Regulatory dossiers)
Entry Offer	A1 - Cannabis indications literature review (€4,000-5,000)
Upsell Path	→ D1 ANSM evidence strategy (€8,000) → B2 Regulatory communication materials
Estimated Annual Value	€30,000 - €60,000
Budget Authority	⚠ Project lead level (€15-25k), needs Director for larger
Decision Maker	Lauriane Girieud for project, Isabelle Chanel for strategic
Influencers	ANSM contacts, Emmac Life Sciences partners
Validation Process	Director approval for >€15k
Sales Cycle	4-6 weeks
Procurement	Cost-conscious but project has budget allocation
Best Timing	URGENT - March 2026 deadline approaching
